POLICY FOR TRAINING

Pembroke Design Limited pursue a programme of continual professional development in respect of all staff and will allow and encourage staff to progress by attendance at local colleges for a variety of courses that supplement their educational requirements in respect of their position within the Practice.

All new staff undergo an induction training procedure and selected senior personnel are responsible for all training in respect of health & safety, environmental issues and good practice and office procedures and on site hazard identification.

It is the policy of the practice to implement, wherever possible, the Code of Practice as laid down by the 1993 Education Act that relates to delivery of services for all personnel including those who have learning difficulties and/or disabilities.
